### Basic Cleaning instructions:

- \* **Dust** (go left to right, top to bottom) with microfiber cloths. For slatted blinds, use the string to close them one way and dust, then close them the other way and repeat...using long-handled swiffer duster. Don't forget to hit the tops of doors, fans, light fixtures, picture frames and knick-knacks. For the face of framed photos, TV screens, and computer monitors, use glass cleaner on your cotton cloth or microfiber to avoid streaking.
- \* **Vacuum.** Hit the floors in the whole house, and upholstered furniture. We occasionally remove couch/chair cushions and vacuum underneath.
